

GOV. GAGE SUES TIMES FOR DAMAGES.

Demands \$100,000 From
the Editor of the Los
Angeles Paper.

LOS ANGELES, June 18.—Papers were filed today in the Superior Court of Los Angeles County by Governor Henry T. Gage, against the Times-Mirror Company, publishers of the Los Angeles Times, and Harrison Gray Otis, president of the company, asking \$100,000 damages and costs of suit for the publication of an alleged libelous article concerning the plaintiff.

The complaint recites that on or about the 26th day of May, 1902, said defendant did falsely and maliciously cause to be printed and published in a regular issue of their paper, to wit, the Los Angeles Times, the following false and scandalous and malicious libel and defamation in printing of a plaintiff:

The article referred to and quoted in the complaint is from the San Francisco Times. Governor Gage will be represented in the suit by J. W. McKinley, Joseph Call and A. W. Hart, all of Los Angeles.

LEAVES FOR SAN FRANCISCO.

LOS ANGELES, June 18.—Governor Gage will leave tonight for San Francisco for a non-contingent visit. Attorney General Frost is to record the action necessary to prevent the devastation of Placer and El Dorado counties by theordes of grasshoppers which have lately invaded in the northern part of the State. Governor Gage said to-night that no action had been taken to prevent the burning of the pasture land in those counties and that his course would be determined by the results of the conference in San Francisco.

**CROWDS ARE SEEN
AT LAND OFFICE**

BLACKFOOT, Idaho, June 18.—The crowds at the United States Land Office in this city continued unabated to-day, broke a line of men stretching in front of the office, and when day was over, a line of men stretching far down the street was waiting to file their claims on the Fort Hall reservation. The struggle for the more valuable lands in the reservation is increasing. The feeling against the "so-called" Indians, who had joined the Indian police and deputies yesterday and took up choice claims, is very bitter today, and though no actual trouble has so far occurred, it is looked for unless some of the pending contests are settled. Contests for the choice lands are being carried steadily, and the courts will be kept busy for months straightening out the tangles resulting from the rush for government land. The filing of claims proceeded steadily today, but it will be several days before the last entry is made.

BOTH CHARGED WITH MURDER

AUDUBON, Cal., June 18.—The coroner's jury empaneled to inquire into the death of Fred Nierhoff has found that the deceased came to his death from a bullet wound inflicted by W. H. Glover; that the evidence shows Oscar Glover to be an accessory, and further that the killing was unprovoked.

**FUNERAL OF HERMAN
TUBBS TO BE HELD HERE**

The funeral of Herman A. Tubbs will take place at 2 o'clock tomorrow from the residence of his mother, Mrs. Susan A. Tubbs, 266 East Twelfth street.

The ceremonies at the house and the interment at the cemetery will be private. Only members of the family and intimate personal friends will be present. The interment will be in the Tubbs family vault at Mountain View.

The sudden and tragic death of Herman Tubbs has caused sorrow and gloom all over Oakland.

He had a host of friends to whom he endeared himself by many acts of kindness, and by his unfailing gentleness of manner. If his friends were numerous and warm, he had no enemies to speak of. Everybody had a good word for Herman Tubbs.

But if he was social in his tastes and unaffected in his manner, he possessed no lack of business ability. He inherited the mercantile capacity which distinguished his father, and he knew how to draw the line between his business and his social relations. In business, his word was his bond. He was scrupulous in all his dealings and lived strictly up to the letter of his engagements. Yet personally he was generous to a fault. To his boyhood's friends he was always ready to extend a helping hand, and in his personal likings paid no heed whatever to wealth or rank.

**UNION MEN COMPLAIN
OF PRESIDENT WHEELER**

BERKELEY, June 18.—President Wheeler of the University has aroused the ire of the labor organizations to a certain extent and the treatment of certain employees at the college will be made the subject of an inquiry by the State Federation of Labor.

A communication has already been made to the local officers of federation. One of the grievances of the

AT PEACE WITH SAN FRANCISCO.

**OAKLAND ELKS ARE ON THE BEST
TERMS WITH THEIR BROTHERS
ACROSS THE BAY—NO TROUBLE
OVER THE PARADE.**

There is no truth in the story that the San Francisco Elks were treated with any discourtesy by the members of the Oakland lodge on Monday night, nor is it true that the San Francisco brethren who came over to participate in the parade and attend the Street Fair feel aggrieved at their treatment. Nevertheless the Oakland Elks are annoyed that they should be accused of any breach of hospitality in the reception of guests or lack of attention to visiting brethren.

Have a Wrong Impression.

Possibly a few—a very few—members of the San Francisco lodge think they were slighted, but if there be any, such they are laboring under a wrong impression as to the program and as to the spirit of the Oakland Elks.

A few of them certainly did not understand the situation, but it was no fault of the members of the Oakland lodge, who are known far and wide for their geniality.

Quite a number of the San Francisco Elks were present at the social session. Next Saturday night is San Francisco night. Then the members of San Francisco Lodge will be guests of honor. Oakland Lodge will receive them in state and devote themselves to entertaining their San Francisco brethren. Visiting Elks will be received as guests coming in honor of San Francisco, Monday night. The San Francisco Elks were visitors Saturday night they will be guests, and in this arrangement lies the root of whatever misunderstanding that may have arisen.

A word of explanation of conditions here may serve to dissipate the foolish notion that the Oakland Elks were lacking in hospitality. Many of them were scattered around the booths of the various concessions attending to imperative business duties. They had obligated themselves to meet a half-day of some \$3,000, and they were required to sell tickets and to see after the royalties at the booths. In addition, they had to participate in the parade, and provide for the details of entertaining all their visitors.

Wish Fair A Success.

The officers and a great majority of San Francisco Lodge understand the situation, and so far from feeling aggrieved, are in cordial sympathy with Oakland Lodge and wish the fair all success.

It Was Oakland Night.

The San Franciscans who were present bear witness to the fact that they were given a generous reception.

A misconception, however, has given rise to an erroneous impression. Monday night was especially dedicated to the Oakland Elks. Besides attending to the business of the fair, they had to participate in the parade and to look after a multitude of details in various directions. Visiting delegations came from the lodges in Sacramento, Stockton, Vallejo and San Jose as well as from San Francisco, and it was absolutely impossible that special attention should be devoted to the members of any one lodge. It was not on the program to meet the San Francisco Elks with a band, for that would have been an invidious distinction amounting to a discourtesy to the visiting delegations from other lodges. The

**S. P. REBUILDING
SHASTA ROUTE.**

HEAVY LOCOMOTIVES WILL BE
PUT ON THE RUN
NORTH.

THEY BEAT THE GOVERNMENT
TROOPS IN A LIVELY
BATTLE.

REDDING, June 18.—The Southern Pacific Company is practically building the famous Shasta route. The track throughout the division is now laid and the rails are in place. The steel rails are now being replaced with heavier ones. Heavy steel bridges are supplanting the iron ones on the route. The new structures are capable of sustaining a train of 100 cars, and the iron ones are being taken out. The bridges have all been changed with the exception of one near Delta, on which work is now in progress.

Locomotives of double the hauling capacity of the iron wheels now in use will soon be put on. Further improvements are planned. A concrete arch will span Big Backbone Creek near Kennett, replacing a wooden bridge. The Southern Pacific finds the Shasta route a profitable piece of road. The passenger traffic is now so heavy that eleven trains are being run in sections.

**SANTA FE MEN MAY
GO ON A STRIKE**

THEY ARE EXPECTED TO BE
CALLED OUT IN SYMPATHY
WITH STRIKERS.

TOPEKA, Kans., June 18.—The Santa Fe boilermakers at Topeka are expecting to be called out on a sympathetic strike at any moment. The sixty-five workers here say they will go out if the iron workers, who are demanding a deduction from the union at The Needles and San Bernardino, reached Topeka last evening and addressed the workmen here, explaining the situation. Owing to the absence of expected Santa Fe officials, and John McNeil, general president of the International Association of Boilermakers and Iron Shipbuilders, who missed a train at Kansas City, no action was agreed upon, but another meeting will be held this week. Mr. Thomas says there are forty-five boilermakers and apprentices out at The Needles and San Bernardino, and will be given a half hour to be given their old places. Manager Henderson of the Santa Fe says the men will not be given their old places and that only twenty-five are out. McNeil wired Thomas this morning that the grand council has thus far sustained the boilermakers.

**DO NOT LIKE
THE DECISION.**

NEW ORLEANS, June 18.—The latest news from the Republic of Salvador, via Guatemala, indicates a state of frenzy aroused by the recent decision of the Washington court of arbitration in the case between the United States and the Republic and most of the members of the National Assembly have signed a protocol to the effect that the court's decision of the case was a scandal and a crime; that the judges were biased, and that the Salvadoran representatives were treated in a most unfair manner, and that Dr. Zaldívar, one of the Salvadoran representatives, was recreant to his trust and is now in Europe to escape the results of his actions.

**MAY CALL
STRIKE OF
ALL MINERS.**

**National Convention Sum-
moned to Meet in
Indianapolis.**

WILKESBARRE, June 18.—The long-expected call for a special national convention of United Mine Workers of America was issued today by National President Mitchell, to be held at Indianapolis at the earliest possible date.

The date of the convention will be fixed by W. B. Wilson, National secretary at Indianapolis, who has charge of the machinery as to where the convention will be held.

The convention will be for the discussion of the advisability of involving all the soft coal miners in the United States in the struggle now going on in the anthracite coal fields.

Under the legislation of the union, five districts must request action before the national president can issue a call for a national convention. The five districts that applied for this convention were the three anthracite districts, the Michigan district and the West Virginia district, where a strike is now on. President Mitchell has had the consent of the five districts for the national convention.

ALAMEDA JUDGE IN KNOTTY CASE.

COUNCILS OF THE Y. M. C. W. WILL GO ON THEIR ANNUAL PICNIC.

ALAMEDA, June 18.—The tug of war last night between the Woodmen, Redmen, Company G and the Alameda Boat Club resulted in a victory for the Boat Club which was declared the champion team of Alameda and presented with a handsome silk banner by Joseph Knowland.

The event opened with a ten-minute pull between the Woodmen and Company G in which the latter defeated the Woodmen seven inches.

The pull between the Redmen and the Boat Club teams went the limit, 10 minutes, and was won by the Boat Club.

The final pull between the Boat Club and Company G teams was a fierce struggle. During the first half Company G had the knot four inches across the line but the Boatmen succeeded in getting it three feet across the line at the finish. A. P. Smiley was referee. Captain McDowell, time-keeper and W. B. Hinckman, E. P. Wickham and Percy Fox were judges of the event.

Following the tug of war a dance took place in the hall.

ALAMEDA WEDDING.

ALAMEDA, June 18.—The wedding of Miss Edith Thomas and Will Mitchell took place last evening at the First M. E. Church, Rev. Dennett officiating.

The bride was beautifully attired in a dress of cream white Paris lace, with white tulip veil. She carried a bouquet of white carnations. Miss Grace Hay, who acted as maid of honor, was attired in white organdie and carried asparagus ferns. Miss Helen Fowler, the bridesmaid also wore white organdie over green silk.

George R. Bard of San Francisco was best man while Frank Maybury of San Francisco and Sydney Mitchell were ushers.

Following the wedding a reception was held at the bride's present home on Pearl street. Many beautiful and costly presents were received by the young couple.

COMPlicated CASES.

ALAMEDA, June 18.—Judge Morris was called upon yesterday to decide a particularly complicated case.

It appears that Mrs. Vennuci had Mrs. Christian Poggi arrested for disturbing the peace of Eddie Edson. The latter, a man of the people, and an Edson Club organizer on Friday night has for its President a workman in the railroad shops. Edson has created no antagonism and his nomination would not antagonize anybody. Throughout the State the Edson boom is developing at quite a satisfactory rate and Edson himself never doubts that he will win.

CAPTAIN DOES NOT FEAR CONTEMPT.

The examination of Quan Hoa alias Ah Jim, the Chinese charged with assaulting 12-year-old Jennie Munro, was continued to next Saturday morning by Police Judge Smith on account of the absence of the prosecuting attorney.

The latter, a man of the people, and an Edson Club organizer on Friday night has for its President a workman in the railroad shops. Edson has created no antagonism and his nomination would not antagonize anybody. Throughout the State the Edson boom is developing at quite a satisfactory rate and Edson himself never doubts that he will win.

NO QUORUM PRESENT.

ALAMEDA, June 18.—There being no quorum present at last night's meeting of the Board of Education the meeting was adjourned until tomorrow night.

WOODMAN MEET.

ALAMEDA, June 18.—Alameda is crowded today with Woodmen from all over the district. This morning's session of the delegates, which took place at Foresthill, all was well attended, while Foresthill, which was to have been the site of the big events, a large dinner was given to the delegates today by the ladies of Spruce Camp. E. O. Robinson is Secretary of the convention and is directing the affairs.

FILES FINAL ACCOUNT.

W. E. Merritt has filed his final account of the estate of the late William D. Matthews, showing a balance on hand of \$5,625.60. He asks that the estate be distributed one-half to a brother and the other half to the four children of deceased sister of the deceased.

REILLARD APPRAISERS.

Judge Melvin this morning appointed P. N. Reillard, J. B. Lanktree and George H. Mason to appraise the estate of the late Hilaire Reillard.

Judge Ogden appointed A. T. Poirier, J. B. Poirier and T. D. Sullivan to appraise the estate of Ella G. Foyal.

APPOINTED APPRAISERS.

John O'Keefe and Pat Cahill were found guilty in the Police Court this morning of vagrancy and were sentenced to serve twenty days each in the county jail.

HAD NO LICENSE.

Louis Robinson, colored, was sentenced in the Police Court this morning to pay a fine of \$25 or serve fifteen days in jail for selling shoe strings and collar buttons on the street without a license.

FUNERAL OF THE FORMER WIFE OF ARTIST JAMES SWINNERTON.

One Way to Recover Wages—School Board Appoints Teachers—Notes of Interest From Berkeley.

BERKELEY, June 18.—The funeral of Miss Theda Treedwell, the former wife of James Swinnerton, the artist, was held today from the residence of her parents, corner Claremont Avenue and Webster street. The interment took place in Mountain View Cemetery. The ceremonies were attended by the intimate friends and immediate family of the deceased.

The uniquely passing of the young woman recalls one of the most interesting romances in California's artistic world. While attending school in San Jose, she met James Swinnerton, who subsequently achieved great success in the world of art. Love was instantaneous on both sides. The parents of Miss Treedwell were well to do, and the opposition to the engagement resulted in a runaway marriage. For a time they resided in New York, but afterward went to Paris. Subsequently they returned to San Jose.

For the last year Miss Treedwell had been suffering from consumption and returned to visit her parents. Death put an end to her suffering on Monday last.

CLASS IS COMPLETE
IN LIBRARY SCIENCE.

BERKELEY, June 18.—The University summer class in library science is complete and Librarian Rowell announces that no further applications will be received. The course was only open to librarians and their assistants, who have been actually engaged in library work.

Instruction will be offered in the selection of books, abridged decimal classification, simplified dictionary cataloguing, library economy, book binding, the use of government documents and national library. The corps of instructors will include Librarian Joseph Bowell, Kendrie Charles Babcock, assistant professor of history and political science; Joseph D. Lyman, assistant Librarian; Mary Flory Williams, Instructor in library science; and Charles Samuel Green, Librarian of the Oakland Free Library.

Applications from twenty-one libraries will be given special examinations on the subjects which they have

A WEAK HEART

Gives the man who has it ceaseless anxiety. Those sudden suffocating seizures which come upon him at the most unexpected times, seem to shake life to the very foundation. It would be a great relief to such sufferers to know that probably they were not suffering from organic heart trouble but from indigestion, catarrh of the stomach, or some other stomach disease involving the liver, and that they could be perfectly cured by Dr. Pierce's Golden Medical Discovery.

"I was taken with smothering spells, palpitation of the heart and a distressed feeling in my stomach," writes Mr. H. W. Kinney, of Knight, Dodridge Co., W. Va. "I consulted a doctor and he said I had organic heart trouble. He gave me some medicine but it did me no good. I then tried different kinds of patent medicines but they only helped me a little. I got so bad I could not walk any distance, was short of breath and my legs would get so weak I could not stand. Consulted another doctor and he said I had indigestion of the stomach and bowels. I doctored with him all summer and he only helped me a little. I then wrote asking you for advice and you advised me to take Dr. Pierce's Golden Medical Discovery. I got five bottles and commenced taking it. Before the first bottle was gone I felt a change. When the five bottles were gone I began to work. I had not worked any for a year before. I took in all sixteen bottles and was cured."

Dr. Pierce's Golden Medical Discovery is primarily designed to cure diseases of the stomach and other organs of digestion and nutrition. But because the strength of the heart, as the strength of every other organ, depends on the strength of the stomach, which provides it food, it frequently happens that when the weak stomach is made strong by "Golden Medical Discovery," the weak heart is made strong also.

Beyond all this "Golden Medical Discovery" contains one of the most powerful and beneficial heart tonics known. The action of this medicine is beneficial in any case of heart disease, and it usually cures the more familiar forms of what is popularly known as "heart trouble."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach and blood.

FREE. Dr. Pierce's Common Sense Medical Adviser is sent FREE on receipt of stamps to pay expense of mailing ONLY. Send 21 one-cent stamps for the book in paper covers, or 31 stamps for the cloth-bound volume. Address Dr. R. V. PIERCE, Buffalo, N. Y.

TOWN TRUSTEES TALK OF LIGHTS

WILL CHANGE SYSTEM OF THE STREETS IN SUBURBAN VILLAGE.

SAN LEANDRO, June 18.—The regular meeting of the Town Trustees was held Monday evening, at which all the members were present.

The first matter to come before the Board was the report of Marshal Goenshofer on the recent street improvements. His report showed that the improvements on Juana avenue cost \$47,650, and that of Maud avenue \$34,650, making a total of \$1,425,10. These streets are now in first class shape and will not require any further expenditures for several years.

In regard to the condition of the fire hydrants Chairman Barbeiro of the Fire and Water Committee reported that all the plugs were in order with the exception of one, which will be repaired shortly.

Trustee Lynch, who had been appointed to investigate the cost of lighting the town by electricity in comparison with the cost of the present system, reported the difference of \$10.40 over the cost of the present system of lighting. Following his report on the matter he moved that the Street Committee be empowered to arrange with the Suburban Electric Light Company to light the town as had been outlined at a recent meeting. There followed a lengthy discussion of the matter. Trustees Quinn and Barbeiro were not in favor of the proposition. Trustee Barbeiro stating that he had interviewed many citizens who were not in favor of the new system. The motion carried, however, when put to a vote, and within a short time the new lighting will commence. There will be five lights on Hayward's avenue, which will be operated on the moonlight schedule, while the two at the plaza will be lighted all night.

A representative of the Mastiff brand of fire hose was present and made the Board a proposition. He proposed to the town a supply of hose at 80 cents per foot and wait until the town finances warranted the payment of the same. In view of the matter the Board decided to postpone action until their next meeting.

An ordinance placing the salary of the Town Recorder on a fee basis was read and referred to the Ordinance and Finance Committee.

It was stated by Trustee Eber that the evening sprinkler would soon be operating on the principal thoroughfares of the town.

The meeting then adjourned, there being no further business to come before the Board.

SNATCHED HER PURSE.

Miss Minnie Marlanite of this place, while attending the Elks' Fair in Oakland, Monday evening met with an exciting experience. While walking along the crowded streets of the fair grounds the young lady suddenly felt some one seize her pocketbook and attempt to wrest it from her hand. With a quick movement she turned and snatched the purse from the robber and struck him with her fist in the face. The whole happened before the young lady's companions were aware that anything was wrong. The man escaped in the crowd, while the plucky San Leandro girl proceeded through the grounds as if nothing had happened.

MISS MINNIE MARLANITE OF THIS PLACE, WHILE ATTENDING THE ELKS' FAIR IN OAKLAND, MONDAY EVENING MET WITH AN EXCITING EXPERIENCE. While walking along the crowded streets of the fair grounds the young lady suddenly felt some one seize her pocketbook and attempt to wrest it from her hand. With a quick movement she turned and snatched the purse from the robber and struck him with her fist in the face. The whole happened before the young lady's companions were aware that anything was wrong. The man escaped in the crowd, while the plucky San Leandro girl proceeded through the grounds as if nothing had happened.

THE BOARD OF TRADE.

BERKELEY, June 18.—The Union Club will hold its regular quarterly meeting this evening. The question of selecting permanent quarters will be brought up for settlement.

IMPORTANT MEETING OF THE BOARD OF TRADE.

BERKELEY, June 18.—An important meeting of the Board of Trade will be held this evening at the office of Secretary Staats, 2137 Shattuck Avenue. Several matters of interest will be discussed.

HOTEL ARRIVALS.

BERKELEY, June 18.—Arrangements have been made to give the members of the Eastern track team their examinations before the commencement of the University next August. Plans Services Redwell, Post and Track Captain Hussey were unable to take all the graduating exercises before the team left for the East.

They will be given special examinations on the subjects which they have

UNUSUAL HEAT AT LIVERMORE

LIVERMORE, June 18.—The liveliest period of inclemency in this town at present is in the intense heat which has of late been felt for the neighborhood. The thermometer registered 95 degrees in the shade and it became a general conviction that the less clothing you wore the better you are off nowadays. This heat encourages everybody to stay at home surrounded by a pitcher of ice-water and lemonade and there is little doing on the streets.

A BASEBALL GAME.

The baseball team of the Macabees of Oakland came to Livermore last Sunday and defeated the Livermore Commercial Company team. The defeat was disastrous, for there are some extenuating circumstances connected with the early appearance of the home team, however. At the eleventh hour three of the best players signed for the Livermore withdrew and Manager Leal was obliged to sign some new and inexperienced men in their stead. One of these by the name of Morris, was a good specimen, but treated of himself by refusing to move when a ball fell in front of him and also by his inability to bat.

WILL STRENGTHEN TEAM.

Manager Leal has decided to sign some of the old standbys who have made baseball famous in this vicinity a few years ago. The following line-up has been requested, first base, Ipswich, second base, Leonhard, third base, Lowenthal, left field, Major center, W. W. Miller, right field, Clegg, pitcher, G. Johnson, extra. A make-up like the above would be able to hold its own with any amateur team in the State of California.

WAS NEVER WIFE OF JUDGE ESTEE

NEW YORK, June 18.—It was learned today that the woman known as Mrs. Sarah Estee, who died suddenly of chronic rheumatism on Sunday at Mrs. Mary J. Seymour's boarding-house, was the widow of Judge Morris M. Estee of the Federal District Court in Hawaii, as had been reported. She was the divorced wife of Judge Frank Estee of St. Louis. She was born about forty-five years ago in Memphis, Tenn., being the daughter of Dr. Phillips, a well-known physician in that city. For the past year she had been living at Mrs. Seymour's house, where comparatively little was known about her.

Her friends told Mrs. Seymour that she had two children, a boy named Frank and a girl named Grace, who lived with their father. The woman was also the widow of Judge Frank Estee, of St. Louis, who died at the request of Judge Estee, who defrayed the burial expenses.

A PART OF THE PLAY.

RECIPROCITY BILL KILLED.

The story of the plot to assassinate King Edward on the day of his coronation sounds rather too familiar. It may be true, but it bears all the earmarks of the stereotyped yarn given out on the eve of every coronation to arouse the loyalty of the populace. It has come to be almost as common as the advertising fake of the lady star getting robbed of her diamonds. In the case of Albert Edward, however, it hardly seems necessary to resort to such cheap devices to increase his popularity. The English people are loyal to the Crown, and their king is personally popular. Even the Irish Nationalists bear him no personal ill-will. Michael Davitt says he is personally a very likeable man, whose inclinations are all right, but his viewpoint and position all wrong. Mr. Davitt has said that the King, before his accession, was probably the most popular man personally in Great Britain. In the face of such testimony as this, it would seem hardly worth while for the court to resort to stings to fire the English heart with loyalty. But however popular a ruler may be, he is still the object of the assassin's hatred. Witness President McKinley, King Humbert, President Carnot and the Empress of Austria. It is not only possible but probable that there is plotting against the life of the English King, though the story that comes from London has more the appearance of an invention than of reality. In all likelihood it is part of the stage play of the coronation to add to the scenic effect.

BRING EVERYTHING OUT.

It is best probably that all the facts in relation to the payments made by General Wood on "reciprocity" account should be made public. The partial disclosures already made suggest that the American people be made fully acquainted with all the details, for it is a matter of general and very lively interest. Probably the worst has been told, but anything favoring of concealment would whet curiosity and arouse suspicion. The people want to know, and it is best that they should know. No doubt the Democratic members of the Military Committee are in search of campaign ammunition, but they will get less by making everything public than by withholding information. Enough has been revealed to give them something to harp upon if anything is kept back. The President has nothing to fear from the widest publicity; indeed, full publicity will probably defeat the very objects the Democrats are seeking.

It now appears that the Boer losses in battle were trifling in comparison to the losses sustained by the British. The number actually engaged in the principal actions of the war were comparatively insignificant. It makes one smile to learn that only 1,500 Boers actually participated in the battle of Colenso, which gave the British army such a surprising check. Their total force was only 5,000, which makes one wonder why the overwhelming English force did not rush right over them. The telegraphed stories of large Boer armies were sent out to excite British disasters. The heavy Boer losses were simply fakes.

Lord Kitchener's magnanimous way of dealing with the Boers in defeat will enhance his fame. It was really he and not Lord Roberts that made a conquest of the Transvaal. His performance was not so spectacular as that of "Little Bob's," but it was far more thorough. It did the business, Lord Kitchener had the most difficult and objectionable part of all the British commanders to play, and it must be said that he has acquitted himself well. At the close he appears to better advantage than at any other time and enlightened sentiment throughout the world will give him credit for being a humane man as well as an able general.

It is to be hoped that the real estate agents will vigorously prosecute the crusade against the "for sale" signs. They began an agitation against this a short time ago but the abuse is still unabated. The signs still disgrace the town, giving strangers an unfavorable impression of the condition of the real estate market here, and conveying the idea that the dealers are addicted to peculiar methods. Has the incipient crusade been abandoned? The commercial bodies of the city ought to take the matter up and enforce some business rule in respect to those signs. That they are a public nuisance is conceded, and real estate men acknowledge that they tend to depress the prices of property. For this reason property owners should take some decisive stand to suppress an evil that injuriously affects the value of their holdings.

The masquerade of Cuban Reciprocity is come to an inglorious finish. With crest and feathers stripped off, the last stand revealed—the poor chicken, Cuban sugar grower is a sleek New York millionaire. It has been a very sentimental play, the curtain rings down on a roar.

PERSONAL AND SOCIAL NOTES

BERKELEY BOY IS MISSING.

LE ROY B. HACKETT OF OAKLAND TAKES A BRIDE IN THE SOUTH.

Apparently the so-called Cuban Reciprocity bill has run high and dry upon the rocks in the Senate. Eighteen of the strongest Senators on the Republican side have made such a determined stand that it now seems impossible for the bill to pass. Of this the Administration appears to be convinced. The Spooner substitute may be adopted, but that is not certain. While the Spooner substitute is much better than the original reciprocity bill, it makes a breach in the protective tariff to the detriment of the sugar growers. Its spirit implies that it is legitimate to single out the sugar producers for sacrifice in making concessions for foreign trade. But why the sugar growers any more than the wool growers, the cattle raisers, the steel and iron producers, the manufacturers, or anybody else? Why throw overboard a protected industry that is essentially agricultural in character, to promote the interests of middlemen and manufacturers? These questions denote the objectionable spirit and purpose of Senator Spooner's substitute, and upon them is grounded strong opposition. The sugar growers will not consent to any proposition which makes them any less beneficiaries of the protective system than other industries.

Major Waller has found it advisable to deny his San Francisco press interviews. As all three of the morning papers of the city contained practically the same statements credited to the Major, there must have been an extraordinary concert of lying to put him in a false light. How the reporters of these papers could separately invent the same statements and expressions is something that no fellow can find out, as Dundreary would say. At least some concession to decency is made when Major Waller is compelled to disavow his bragadocio talk of shooting natives in the Philippines. A little lying is not a great matter when it is obviously resorted to as a protection against outraged public sentiment.

Partisan press news from Washington conveys some extraordinary intelligence these days. In one issue of the lively and versatile Journal appears a statement that the President has been killed off by Senator Hanna and another equally veracious story to the effect that Senator Hanna has committed hari-kari over the grave of the Panama Canal. Probably one story is as true as the other; but at last accounts the President and Senator Hanna were both alive and well and apparently friendly and in accord save on two or three matters.

It now appears that the Boer losses in battle were trifling in comparison to the losses sustained by the British. The number actually engaged in the principal actions of the war were comparatively insignificant. It makes one smile to learn that only 1,500 Boers actually participated in the battle of Colenso, which gave the British army such a surprising check. It was recommended that the salary of the principal of the Columbus school be increased to \$1,100 per annum and that the janitors of the McKinley and Haste schools receive \$105 per month. Mrs. H. E. Longenecker, a teacher of shorthand, was granted a year's leave of absence.

MOVED FROM A SHED.

BERKELEY, June 18.—Fred Dierwirth, a youth residing at 1735 Oregon street, was shoved from a shed on which he was playing with a companion yesterday afternoon, and fell to the ground, breaking an arm. The lad also sustained internal injuries, which may prove serious.

Rob Gibson, the boy who was responsible for the fall, denies any intention of injuring his companion.

JORDAN'S JOKE.

BERKELEY, June 18.—A witty remark made by President Starr Jordan to President Benjamin Ide Wheeler, while the latter was visiting Stanford University, recently is going the rounds at the University.

Both the distinguished educators were walking across the Stanford campus, according to reports, when an elderly lady, in an invalid's chair, was encountered.

"Would you do if you had a wife in that condition?" asked Wheeler.

"Benjamin, Ide Wheeler," replied Jordan.

GOT A DEGREE.

BERKELEY, June 18.—Professor S. B. Christy, dean of the College of Mining and Metallurgy, has received word of the conferring of the degree of doctor of philosophy by Columbian College at the recent commencement exercises of that institution.

BERKELEY BEAUTIES.

BERKELEY, June 18.—The Board of Trade met last evening and discussed plans for putting up a magnificent tourist hotel as a means for promoting the welfare of the city.

A committee was also named to see the Southern Pacific Company relative to having a modern depot placed on the site of the present one.

The proposed distribution of 10,000 pamphlets descriptive of Berkeley was authorized.

Bath Towel

Something entirely new. Radically different from and better than any other towel produced. Made wholly from Egyptian (imported) long fiber cotton, and possessing all its fine qualities. Novel effect and handsome appearance.

Looks better, feels better, washes better, wears better, and altogether gives better satisfaction, than any other towel. Wonderfully absorbent. The RUB-DRY towel marks a distinct revolution in towel manufacture. It is so made, as to produce all necessary friction with an utter absence of harshness. Absolutely superior to Turkish towels, in respect to lint and pulling out of threads. None of this annoyance so common in most towels. Made in a convenient bath size. Handsomely finished, hemstitched ends, and most attractively put up, each towel in a separate carton.

CLAIMS ALLOWED BY THE BOARD OF WORKS.

"KID" LAVIGNE
GETTING BETTER

HIS BROTHER SAYS HIS TROUBLE
WAS CAUSED BY HIS
BROKEN ARM.

"Kid" Lavigne, the well-known glove fighter is not feeling as well as his friends would like to have him, but, happily, there is no doubt of his eventual recovery. He is now in Stockton, where he is getting the best of care in the Pacific Hospital. Speaking of the fighter's condition, his brother said today:

"George is not feeling as well as formerly. He is now in the Pacific Hospital at Stockton, where he is receiving the best of care under the direction of Dr. Clark.

"George, the doctor says, is suffering from a shock. He cannot exactly describe what kind of a shock it is, but he feels that the system has suffered in that way. His arm had been broken again in the fight with Britt, and he remained in the ring from the second to the eighth round with that broken arm. The doctor feels that that also had something to do with George's present condition. At times, he acts strangely, as if wandering slightly in his mind. He was always of a nervous temperament, you know, and that

is perhaps partially responsible for his present illness.

"We have no fear, however, that he will again be all right, but we realize that he will have to take care of himself."

SMALL FIRES ARE
CAUSED BY BOYS

DEPARTMENT IS CALLED OUT
THREE TIMES IN ONE
AFTERNOON.

The Fire Department was called out this afternoon yesterday afternoon to extinguish fires caused by children and matches.

The first was a still alarm turned in at 1 o'clock from Fifty-eighth street and San Pablo avenue. A small boy and a match set fire to some grass in that vicinity, but the Fire Department put the blaze out before any damage was done.

A nephew of Judge Atwell started a fire in an exercise under a bed in the Judge's house at 124 Fourth street, but before it had gained any headway one of the women in the house put it out with a blanket.

A band of small boys were roasting peanuts at Seventh and Franklin streets about 12:30 o'clock, when their campfire got beyond control and set fire to the side of a house at 4th Street. The damage will amount to about \$25.

MRS. FRED GATTER MADE
HUSBAND'S BENEFICIARY.

Fred Gatter, the well-known barber, who died a few months ago, was a member of Argonaut Tent, Knights of the Moabites. He had a life benefit in the organization and his widow, his widow, was paid \$250 by the order as the beneficiary of his certificate.

The winner of the big event of the night is to fight young Peter Jackson.

Donovan and Murphy are to weigh in at 152 pounds, and to fight for fifteen rounds. Each has a reputation which he is anxious to maintain and also is ambitious to secure new victories for his record.

Dorothy is training at the Acme Club and appears to be in the pink of condition.

Murphy is training at the Hayes Valley Club and the reports which come from there show that he will be an worthy foeman of Donovan.

Each of the fighters is determined to win.

The preliminary bouts will each be of four rounds.

The first will be between George and young Savage at 148 pounds.

The next will be between Young Choyinski and "Curley" Greenwood who will strip at 150 pounds.

This will be followed by a go between "Spike" Foley, one of the handy young men of the West Oakland Athletic Club and Joe O'Neill who will fight

Mrs. Charles Silva and daughter, Marie, have gone to Denver to visit relatives.

AN EXCELLENT PROGRAM HAS
BEEN PREPARED FOR NEXT
TUESDAY EVENING.

Enthusiastic fans journeyed toward the Golden Gate Base Ball Park this afternoon to see the opening battle between the Ponties and the Angels for second place in the California League pennant race. The teams are running a neck and neck race, and a reversal in form on either side is apt to change the club's standing before the six-game series is played out.

Among the most interested spectators in the bleacher brigade is Manager Lohman and his band of midgets. It is not often the Lohmanites get a chance to do the bleacher act at home and they are making the best of their opportunity. Peter has an eye out for every play and is carefully directing his all-star squad how to defeat the contenders when it comes Oakland's turn to play ball.

The local team will go to Sacramento to play the Senators tomorrow, and although the team is crippled, it should have little trouble in disposing of Fisher's midgets. All have their bats and gloves and their midgets will return with their six-inning averages increased perceptibly.

As matters now stand McCleod leads the Lohmanites at the bat. He is hitting at a .303 clip and Pete Lohman is running a close second with .299. There are others that are doing well, though, and the team will keep up the good work, last week, they will clear the high hurdle with several points to the good.

Up to the last series the team's batting average was .272, but the boys lined it out hard enough to boost this figure to .294 without much trouble. The batting averages of all the Lohmanites to date follow:

Robert Fitzsimmons is a big favorite for his experience yesterday, says an exchange. Of fifteen hours of daylight he spent only one hour indoors, and that was when he put on the mitts to make matters entertaining for Tom Wilson, his soldier sparring mate. Skaggs Springs has hardly a rock. "Fitz" has not walked over. The harder he works the better he holds his spirits. The ladies he meets here are the same, and he is neither too gentle and good-natured to hit the other fellow hard enough to hurt him.

At Harriet Springs Jeffries continues to take daily "solidirings," as he now terms it, to keep his body in condition for the boxing. He is also taking time off for walking, running, gymnastic exercises and boxing. Between contests he finds time for relaxing amusement. As he said yesterday, he is hard to find a stronger and healthier man than the big, bronzed boilermaker.

Next Friday night, there will be a grand festive event at the Acme Club which promises to draw a packed house. The main event will be a go between Mike Donovan and Tim Murphy the Australian.

This alone would be worth the price of admission but, beside it there will be three other bouts instead of two which has heretofore been the custom.

The winner of the big event of the night is to fight young Peter Jackson. Donovan and Murphy are to weigh in at 152 pounds, and to fight for fifteen rounds. Each has a reputation which he is anxious to maintain and also is ambitious to secure new victories for his record.

Dorothy is training at the Hayes Valley Club and the reports which come from there show that he will be an worthy foeman of Donovan.

Each of the fighters is determined to win.

The preliminary bouts will each be of four rounds.

The first will be between George and young Savage at 148 pounds.

The next will be between Young Choyinski and "Curley" Greenwood who will strip at 150 pounds.

This will be followed by a go between "Spike" Foley, one of the handy young men of the West Oakland Athletic Club and Joe O'Neill who will fight

DISTURBED PEACE
OF ELMHURST WOMEN

People must be well fed in this world or they are expected to do good work. A carpenter with poor tools must take less wages and handle the poor jobs. So in life, the person with a weak, bairly nourished body must get out of the way for the strong ones.

A school teacher writes from Vermont. She had been compelled to take a little backwoods school for small wages because she had not the strength to conduct a better school.

"Small appetite and poor digestion kept me weak. I had been compelled to rest at the noon hour and shut myself away from all company morning and night. In this way only could I work up to about a year ago, when a lady visiting here from California led me to share a dish of Grape-Nuts with her. During the winter I ate occasionally of the food, always with good results.

POINT RICHMOND VISITORS.

Mr. and Mrs. Claude Myer of this place were recent visitors to Point Richmond.

Mrs. K. R. Koenig and children of San Francisco were recent visitors at San Leandro. Phillips had pleaded not guilty and demanded a jury trial. The Marshall woman testified that Phillips had used bad language in the presence of herself and other women and produced the other women to prove her assertions. The jury returned a verdict of guilty. Judge Quinn will pass sentence tomorrow.

ELMHURST, June 18.—Tony Phillips of this place was found guilty yesterday of disturbing the peace of Elmhurst. The case came up in Justice Quinn's court in San Leandro. Phillips had pleaded not guilty and demanded a jury trial. The Marshall woman testified that Phillips had used bad language in the presence of herself and other women and produced the other women to prove her assertions. The jury returned a verdict of guilty. Judge Quinn will pass sentence tomorrow.

OAKLAND WILL HAVE A LARGE
TIME ON THE FOURTH OF JULY.

Merchants Hold a Meeting and Discuss Plans
for the Big Show—Money Is
Being Subscribed.

A meeting of the Citizens Committee in charge of the Fourth of July arrangements was held last night at which the Committee reported much progress.

FINANCE COMMITTEE.

Chairman Theodore Gier of the Finance Committee, reported that they were getting along very well and had found that the merchants felt friendly towards the Fourth of July celebration. "At present," said Mr. Gier, "the merchants are under heavy expenses on account of the Elks' Fair and it has made it hard for us to collect money, but I am glad to report that so far we have on hand nearly \$1,000 and more in sight."

Mr. Gier said that the arrangements were being made so that the electric lights used by the Elks would be left as they are and are to be used as part of the decorations on the Fourth.

The large platform and band stand at the Fair Grounds is to be left for the use of the Fourth of July Committee.

MUST DIG DOWN.

D. C. Brown did not think that it would hurt the merchants much to dig down in their pockets when they see the Fourth of July Finance Committee coming, even if they had been under an expense for the Street Fair. The large platform and band stand at the Fair Grounds is to be left for the use of the Fourth of July Committee.

Mr. Gier explained that it was absolutely necessary that definite reports be made by the several committees at the next meeting as to how they were progressing and much money was needed as the time was now drawing near.

Professor A. Putzker wanted to know if the wealthy corporations and bondholders were contributing.

Mr. Gier explained that he expected to hear from them and suggested that they be prepared by the members of all who could likely contribute towards the celebration.

THE PARADE.

George Arper, of the Parade Committee, said that in addition to those reported at the last meeting, the following organizations would participate in the parade:

Brooklyn Parlor Native Sons of the Golden West, Court Veterans of Foresters and the Columbus Society. It is also suggested that companies G and F will participate and permission also granted to Company I of Livermore, and G of Fremont to turn out in Oakland on the Fourth. There will be no celebration in Alameda. Company G of Livermore, will be the first to march.

THE POEM.

Secretary Walker stated that the Literary Committee had made arrangements to hold a competition for the selection of a Fourth of July poem. The time of the competition is to extend to the 27th of June.

Chairman Fred Sinclair of Afternoon Club reported having been ill but everything in regard to the afternoon's entertainment is progressing satisfactorily.
